Watertight Polycarbonate Miniature Enclosures *1551W Series*

NEW

RoHS

Key Features:

- Ideally suited for mounting small printed circuit boards
- Molded from robust polycarbonate
- Suitable for outdoor use
- Polycarbonate has a flame rating of UL94 V-0
- Satin texture finish
- Includes lid and 4x plastite #4 self tapping screws
- Available with or without integrated wall-mounting flanges
- P.C. board standoffs molded into interior for easy installation
- Includes replaceable silicone gasket to protect against ingress of water or dust
- Designed to meet IP68
- For general purpose (not water-tight) miniature enclosures, try our **1551** series
