LEGACY THAT FLOWS™

KLEIN® TOOLS

KLEIN TOOLS

LEGACY THAT FLOWS™

Our new line of plumbing tools expands our legacy by delivering next-generation solutions that empower professionals to tackle every challenge. This innovative portfolio reimagines the most frequently used tools, incorporating features that streamline efficiency and enhance performance. The lineup includes Pipe Wrenches, Tubing Cutters, PVC and PEX Cutters, and Appliance Installation Tools.

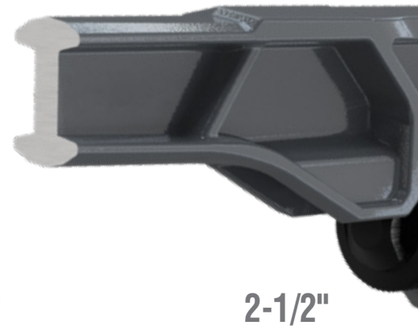

PIPE WRENCHES

TRADITIONAL PIPE WRENCHES

I-Beam design significantly reduces weight in the handle while maintaining durability. This allows for more balanced application and easier handling.

- Optimized jaw design for no-slip grip
- Hang hole for convenient storage
- Adjustable jaws

CAST ALUMINUM

14" 2"

68224

18" 2-1/2"

68225

CAST IRON

14" 2"

68227

18" 2-1/2"

68228

"S-JAW" PIPE WRENCH

Combining the best of channel locks and traditional pipe wrenches.

Quick-Adjust "S-Jaw" Pipe Wrench

- 3-points of contact for no-slip grip
- Fast-action button for easy size extension

13" Hex: 1-1/4" Round: 1-1/2"

68230

QUICK-ADJUST TUBING CUTTER

Innovation buried in a
traditional plumber's tool.

1-5/8" Quick-Adjust Tubing Cutter

- Fast-action button and ergonomic adjustment knob to adjust cut capacity
- Built-in telescoping deburring tool
- Spare blade stored in knob (Cat. No. 50054)
- Push pin for easy blade replacement

TRADITIONAL TUBING CUTTERS

Diversifying our portfolio with most commonly used plumber's tools with a broad range of cutting capacities.

1-3/8" Constant Swing Tubing Cutter

- Ergonomic adjustment knob to adjust cut capacity
- Built-in telescoping deburring tool
- Spare blade stored in knob (Cat. No. 50054)
- Push pin for easy blade replacement

1-1/8" Mini Tubing Cutter

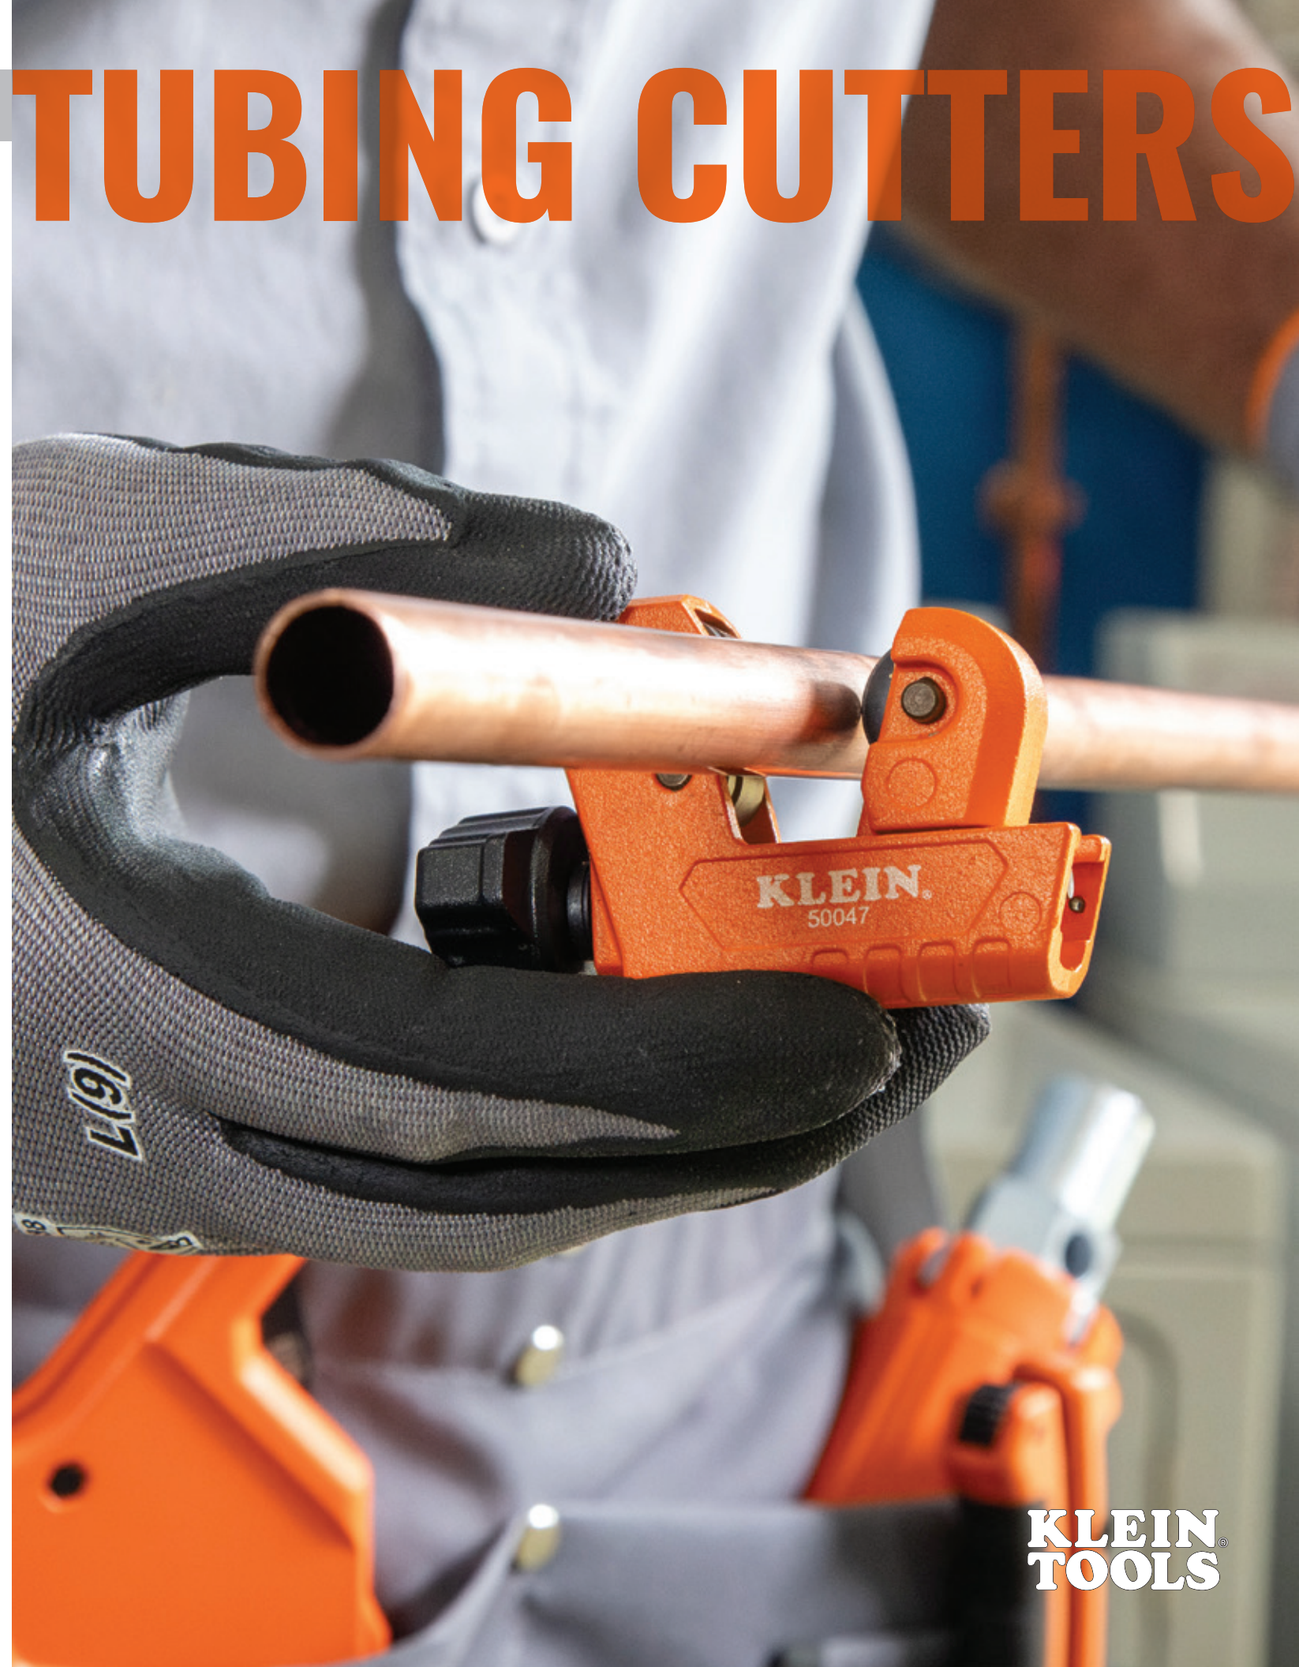

- Ergonomic adjustment knob to adjust cut capacity
- Spare blade stored in knob (Cat. No. 50054)
- Push pin for easy blade replacement

5/8" Nano Tubing Cutter

- Compact size for working in low clearance spaces
- Ergonomic adjustment knob to adjust cut capacity
- Push pin for easy blade replacement

TUBING CUTTERS

TUBING CUTTERS

C-STYLE TUBING CUTTERS

Ultra-compact design optimized for working in tight spaces.

- Spring-loaded blade for maintained cutting force
- Water drainage ports to prevent water build up

50057

1" C-Style Tubing Cutter

50056

3/4" C-Style Tubing Cutter

50055

1/2" C-Style Tubing Cutter

50048

C-Style Tubing Cutter 3-Piece Set

- MODbox™ compatible case (attach to Case Adapter Rail Attachment Cat. No. 54875MB)
- Includes 50055; 50056; 50057

PVC & PEX CUTTERS

TRADITIONAL PVC CUTTER

50063

1-1/4" Ratcheting PVC Cutter

- Ratcheting ability for easier cutting
- For use with PEX and PVC
- One-handed blade retraction

PRECISION PVC CUTTER

50044

1-1/4" Ratcheting Precision PVC Cutter

- Quick-release button for blade retraction
- Improved ratcheting ability
- Jaw nesting for variety of jaw sizes
- Easy blade exchange

PEX & SOFT-SHELLED TUBING CUTTER

50043

1" PEX & Tubing Cutter

- Pierce-point blade for improved cutting
- Easy blade exchange

PVC & PEX CUTTERS

APPLIANCE INSTALLATION

APPLIANCE INSTALLATION

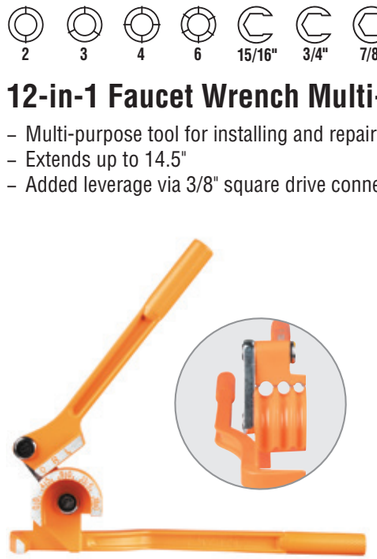

68232

1-1/4" Telescoping Basin Wrench

- Fits around hex nuts up to 1-1/4"
- Spring-loaded jaw design for easier attachment
- Added leverage via screwdriver passthrough and 3/8" square drive connection
