Atmel QFN48 Socket Card for STK600 (ATSTK600-SC41)

SKU: ATSTK600-SC41

Generic socket card for devices in QFN48 package

In store: 10+

Quantity: 1 Add to Cart

Description | Supported Devices | What's in the Box | Related Tools

The Socket card requires a Routing card and a STK600 motherboard to support the selected device.

The required router card is identical to the one used for the TQFP socket

Please note that although care has been taken in the degree of relevancy, pictures are for display purposes only, and product appearance may differ from what you see. If there are any discrepancies between the product headline, description and picture, the correct information will be in the product headline (i.e. computer systems may not come with monitors even if pictured that way). If anything is unclear, please email support before placing your order.
